

Mary Job

Product Manager/HowDoYou.Tech

PROFESSIONAL PROFILE

As a divergent technology enthusiast with 17 years of experience in the ICT industry, I have spent the last three and half years building an active & diverse tech community of WordPress users in Nigeria, managing website projects and teaching individuals how to use WordPress as a tool for self-empowerment. I have expert knowledge in eliciting and documenting tacit knowledge. My colleagues say I am empathetic and articulate when dealing with novices in the tech world. I am great at breaking down complex technological issues to simple English easy for beginners to understand.
